

## OBJECTIVE 1: IDENTIFYING EDUCATIONAL INTERESTS AND MATCHING MAJORS

Identify the beliefs and values that shape your worldview.

What is a world view? It has been defined as a system of beliefs that are interconnected in something like the way the pieces of a jigsaw puzzle are interconnected. In other words, a worldview is not merely a collection of separate, independent, unrelated beliefs, but is instead an intertwined, interrelated, interconnected system of beliefs. Your worldview represents your most fundamental beliefs and assumptions about the world you inhabit. Your worldview shapes and informs your experiences of the world around you. Take a moment and list below some of the beliefs and values that shape your world view.

What type of careers/work environment best relate to the beliefs and values you have identified above and why? What are the majors that will lead you to the career/work option that you have identified? How do these majors align with your beliefs, values, interest and skills? To address this question use the following sites: [Occupational Outlook Handbook](#) | [What Can I Do With this Major?](#) | [Exploring Majors ASSIST](#)

What is the employment outlook and the salary outlook for the career option you are currently exploring? What is the work environment like for your career choice? What other careers are similar to the one you are pursuing? What are some important qualities one needs to have to be effective in the career you have chosen? To address this question use the following sites: [Use the same resources as above to address the questions posed in this section.](#)
